This certificate provides the basis for the manufacturer or (if applicable) his authorised representative established within the European Union in conjunction with the EC-Type Examination Certificate (module B) of the equipment listed in the scope to affix the "Mark of Conformity" (wheelmark). This certificate remains valid unless suspended, expired or withdrawn. In the case of built-in devices, the authorization remains in force beyond the date of validity until revocation. This certificate loses its validity if the manufacturer makes any changes or modifications to the approved quality system, which have not been notified to, and agreed with the Notified Body SEECERT.

An U.S. Coast Guard approval number will be assigned to the equipment, as allowed by the "Agreement between the European Community and the United States of America on the Mutual Recognition of Certificates of Conformity for Marine Equipment".

0045/(YY)YY

The marking of approved marine equipment must take place under Article 9, Article 10 and if applicable Article 11 in conjunction with Annex I of the Marine Equipment Directive 2014/90/EU. In addition to the marking, the identification number of the notified body performing the conformity assessment procedure and the year in which the conformity mark was affixed shall be indicated.

0045 Number of the Notified Body responsible for quality surveillance module.
(YY)YY The year (last two or four digits) in which the mark is affixed.
